This shall be the signal that the safety car will be entering pit lane at the end of that lap. From this point the leader dictates the pace. At the moment the Safety Car enters the pits the SC signals will be replaced by green but overtaking is still prohibited. The racing will recommence from the Finish Line.

### **19. Code 60 (NGK Series, Radical ME)**

If, in the event of a significant incident, the Clerk of the Course decides to initiate a Code 60, the Code 60 Light Panels will be illuminated around the circuit by Race Control and Code 60 flags will be displayed at all marshal posts. It is the responsibility of all competitors to maintain a maximum speed of 60 kph, without overtaking, until such time as the circuit is declared safe and the Clerk of the Course gives the order to end the Code 60 period. At this time the Code 60 Light Panels will be extinguished, Code 60 flags withdrawn and flashing green panels illuminated around the circuit for a period of approximately 20 seconds. Once the flashing green panels have been illuminated all competitors may resume racing.

### **20. Pit Lane Speed Limit**
