UAE PROCAR CHAMPIONSHIP

**A SPECTACULAR MIX OF HIGH-PERFORMANCE GT CARS,
HIGH-AERODYNAMIC PROTOTYPES AND HIGHLY COMPETITIVE TOURING CARS**

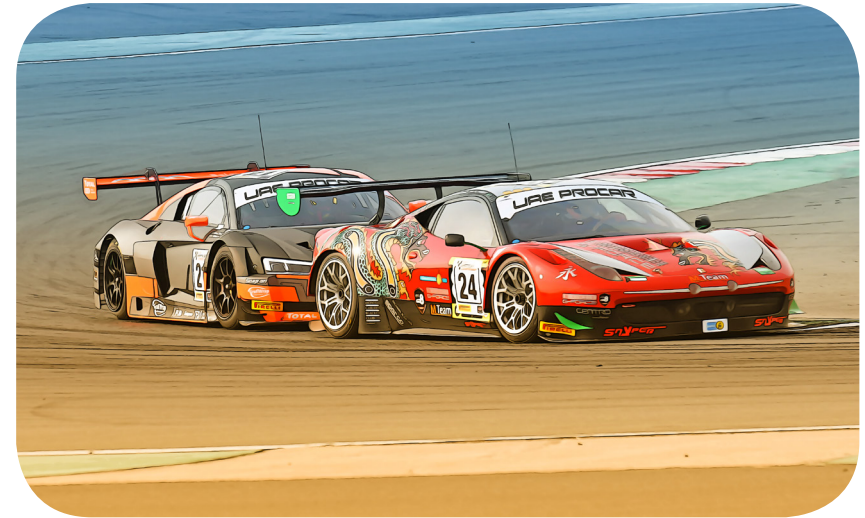

GT3 • GT4 • PROTOTYPE • TOURING CAR

GENERAL INFORMATION 2019-2020

ABOUT THE CHAMPIONSHIP

- The UAE Procar Championship is one of the **longest running** championships in the region with 12 – 15 cars on the grid on average.
- Diverse mix of drivers from **different nationalities** and **business backgrounds** (all high decision makers in their company).
- The championship visits both of the **UAE Motorsport venues** during the season with at least one race at Yas Marina Circuit.
- Championship is known as **stepping stone** in regional motorsport, giving young karting drivers first introduction to circuit racing and preparing them for future motorsport challenges.
- Achievable Entry Fees make the championship an **attractive platform** for anyone wanting to start racing.
- Championship events are free to the public with average footfall between **2,000 to 3,000 people**.
- Paddock activations offer entertainment for whole family.
- Further high-profile **national and international** championships are part of a race weekend including the BWT Porsche GT3 Cup Challenge Middle East, FIA F4UAE Championship and Lamborghini Super Trofeo Middle East (among others).

RACE FORMAT & SEASON CALENDAR

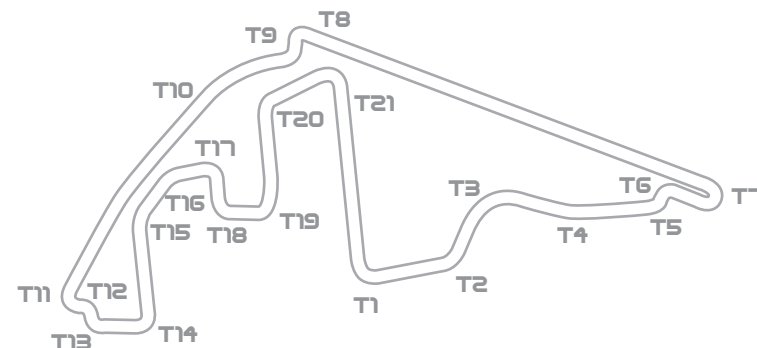

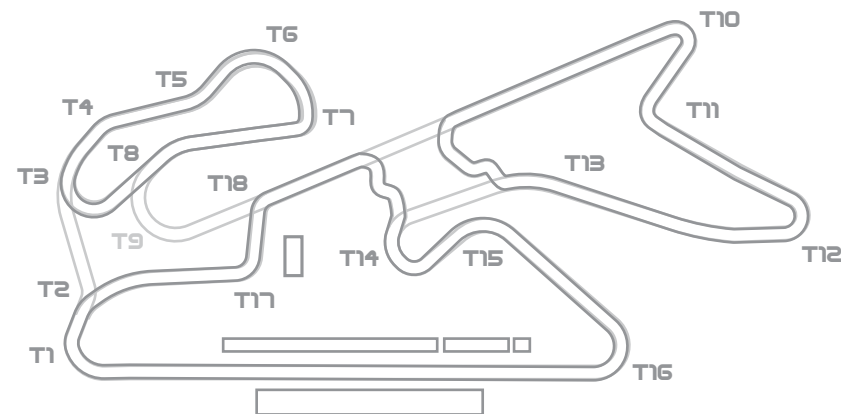

Sample Race Format:

THURSDAY	FRIDAY or SATURDAY
Testing: 120-180 minutes (AM)	Warm-up: 10 minutes
Free Practice 1: 30 minutes	Qualifying: 20 minutes
Free Practice 2: 30 minutes	Race 1: 30 minutes
	Race 2: 30 minutes (reverse grid)

Provisional Calendar:

ROUND 1	ROUND 2	ROUND 3
 24-26 October 2019	 21-23 November 2019	 5-7 December 2019

PARTNER PRESS RELEASES

NEW LOGISTICS PARTNER: AIRLINK INTERNATIONAL

Dubai, UAE, 16 November 2018: Airlink International, one of the leading providers of supply chain solutions in the region, has been confirmed as the Official Logistics Partner of the Dubai Autodrome, to assist with event and race logistics at the 5.39 kilometre FIA Grade One circuit.

The main track and two kart circuits at Dubai Autodrome host hundreds of events annually and logistics strategy is vital to ensure that each one is delivered to the highest standards.

Since 1976, Airlink International has been a prominent player in the region, providing international air and ocean freight solutions with comprehensive value-added logistic and supply chain services. As the world's leading logistics company in the UAE, Airlink has provided logistic solutions for substantial sponsors such as Dubai Airshow and Dubai World, making it one of the key enablers in the region.

Airlink Chairman, Mr. Mutha Juma Bin Bakht AlFalasi, said "Dubai Autodrome represents an exciting and distinguished partnership and will endeavour to sustain this relationship and offer our best logistics strategy not only to the venue but also to its clients and partners."

CHAMPIONSHIP PRESS RELEASES

2018-2019 NGK UAE TOURING CAR CHAMPIONS CROWNED

Dubai, UAE, 18 March 2019: The seventh and final round of the NGK UAE Touring Car Championship (NGK UAE TCC) wrapped up the 2018-2019 season on Friday afternoon at Dubai Autodrome, followed by an awards ceremony that evening to crown the touring car champions for 2018-2019.

The most challenging class in the NGK UAE TCC, the Renault Clio Cup powered by Renault Midsize East, consistently attracted the largest grids throughout. Confirmed fierce competition every race weekend, Scottish driver Willie Morrison of A-Tech (2018) again emerged triumphant from the swarm of Clio Cup machines, defended his title.

Champion Willie Morrison. Photo: Aaron Menzies

After clinching his third Clio Cup title, Willie Morrison said, "Any win is great but to win this season is phenomenal when you see the drivers we have now."

- Dedicated media agency producing **highlight videos** of each race event.
- Dedicated Media Centre and **photo coverage** for each race event.
- Strong focus on **competitors** and specific **sponsors**.
- Press releases distributed to a database of approximately **150** contacts in tv, print and online media.
